Adelaide Soaring Club Flying Scholarship Programs 2018 - 2019

Members are advised that a new Flying Scholarship program will commence beginning in November 2018 and concluding in December 2019.

This new program has a principal aim of supporting existing members of the ASC in the first instance, with a view to supporting the acquisition of new flying skills and knowledge and thus ongoing participation and membership of the club.

It will also be open to new and young members who have recently joined the club, in a similar vane to the previous Scholarship program, which will conclude in December 2018.

Members of any age, who may be interested in gaining access to this program should register their interest with Peter Sadler – Coordinator of the ASC Scholarship Program.

Mobile: 0435936950. Email: peter.sadler50@gmail.com

In doing so, please provide a broad outline of your intentions and how a scholarship would support them.

Formal Application documents will be forwarded in due course containing:

More detail in relation to the Scholarship Program, particularly the opening and closing dates for Applications.

Relevant criteria considered.

Applications review and allocation processes.

Members are also advised that another scholarship program under the auspices of the former Air force Cadets Association, will be advertised in due course via the ASC E News and ASC Website. In essence, this program will be available to Air Force Cadets and those who have been in the cadets in the last six years. This program will be managed by the ASC Scholarship Group.

Joey Glide

Joey Glide is a get together of junior glider pilots (UNDER 26 YEARS OLD). There are 2 parts to the event, there is the junior nationals and also a coaching side to it, to help introduce pilots to x/c and competition flying.

This soaring season they are being held in Waikerie from JANUARY 12 TO 19. It is great to have it in SA and gives a great opportunity for our junior pilots to attend. It would be great to have a good attendance by ASC pilots. (If SA does not support it then it probably wont come here too often). There is no doubt that the ASC would fully support pilots that want to go and aircraft could be made available. If you are under 26 and have interest in competing or participating in coaching please let me know so we can get the ball rolling. I am personally happy to attend to do some coaching in our 2 seaters and I am sure more coaches would make themselves available.

Let's get a big ASC contingency together and support this event. It is the perfect place to meet and get to know other young people with the love of gliding. If you would like more information, contact me anytime.
