Electronic news from the Adelaide Soaring Club

Number 13/2018

27th September 2018

Hi and welcome to our latest ASC e-News.

Special welcome to our newest members – Megan Wainwright, Arki Hilder, Kim Wanke, Paul Huggins, John Gibson, Saxon Cordeaux, Christopher Gorton, Ben Rosiak, Walettr Caruso and Hillary Pang.

Nice Deck Brenton

A terrific addition to our clubrooms and thanks to everyone who has had a part to play in it.

Seeking some feedback....

The monthly dinner and movie nights are becoming popular, so we'd like to seek some feedback on what members want.

Do the movies have to be “flying “based ?

If so do members prefer documentary types of films or those based around flying?

If not what sort of movies do members like?

Would it be a good idea to have two movies – ie: put one on earlier for people with young kids and show a kids movie first?

Do members value the dinner/movie nights?

If you have any thoughts, please email Sylvia at Glassetch101@iinet.net.au

Illnesses around the club...

It's the cough and cold season and we are not immune at the ASC....

...7693 has the flu... and has some breathing difficulties being diagnosed with low compression. The engine will be sent back to Jabiru for diagnoses and repair (under warranty.) It could be out for a month or two....

...Tom has had an op lately but is recovering well...

...Angela is going in for knee op soon and we wish her all the best...

...BOT has had a case of the hiccups but is getting better...

Photos from around the Airfield...

15th September...not a great day for flying...

ASC Strategic Plan

At the last Committee meeting a considerable amount time was spent on this and we're pleased to announce that....the end is near! And when the document is finalised, we'll be sharing it with members asap.

Thoughts and thanks....

Thanks to Ken Mc for painting the yellow lines on the taxi ways

Steve Lovegrove for his work around the airfield.

Those working on our Solar project.

Those working on fixing up our hangar stuff!

FLY IN TO ALDINGA AIRFIELD

SATURDAY, OCTOBER 13

Hangar C1

12:00 – 17:00

Aldinga Aviation, Aldinga Aero Club and AOPA invite all pilots to an afternoon of seminars and workshops at Aldinga airfield from 12:00 – 17:00 on Saturday, October 13.

The airfield will be holding a public Open Day on Sunday, October 14 to raise awareness of the value of the airfield to the local and wider South Australian communities. In association with the Open Day, there will be a series of seminars and workshops specially for pilots on the preceding afternoon.

AOPA and SAAA are supporting the weekend and will be active participants on both days.

The presentations will include:

- AOPA
- CASA
- OzRunways
- SAAA
- Air Traffic Control

Light refreshments available.

Why not fly in for the weekend? There is plenty of accommodation nearby in McLaren Vale, or you can bring your swag and camp at the airfield. Transport can be arranged between the airfield and local accommodation.

If you are planning to fly in, please let us know you are coming (aldingaopenday@gmail.com) and be sure to check the latest airfield operational details, weather camera and other facilities, and information about the region at <http://www.aldingaaviation.com.au>.

Lost anything?

The office has had a motor vehicle key handed in. (Single key on key ring. Ring looks a bit rusty so may have been there for a while)

It's for a Toyota & was in the grass between the carpark & machinery workshop.

Bar Manager

We were in need of a new Bar Manger.... But now we're not. Thanks Rob Richter for taking this on.

Joey Glide

Joey Glide is a get together of junior glider pilots (UNDER 26 YEARS OLD). There are 2 parts to the event, there is the junior nationals and also a coaching side to it, to help introduce pilots to x/c and competition flying.

This soaring season they are being held in Waikerie from JANUARY 12 TO 19. It is great to have it in SA and gives a great opportunity for our junior pilots to attend. It would be great to have a good attendance by ASC pilots. (If SA does not support it then it probably wont come here too often).

There is no doubt that the ASC would fully support pilots that want to go and aircraft could be made available. If you are under 26 and have interest in competing or participating in coaching please let me know so we can get the ball rolling. I am personally happy to attend to do some coaching in our 2 seaters and I am sure more coaches would make themselves available.

Let's get a big ASC contingency together and support this event. It is the perfect place to meet and get to know other young people with the love of gliding.

If you would like more information, contact me anytime.
